### **Hats/Headgear & Jackets**

Students are expected to remove their hats/headgear and sunglasses the minute they enter the building. All headgear and jackets must be kept in locker during the school day. Hoods may not be worn up while in the school building.

5. Pajamas/nightwear

All pants must always be appropriately fitting and kept around the waistline.

Students who come inappropriately dressed will either be given a replacement article to wear or a parent/guardian will be notified to have a new item brought in to wear.

Since styles change, administration reserves the right to determine what is inappropriate or distracting to the learning environment. This policy is in force during the school day, at all school-sponsored activities, and in school vehicles. The wearing of outer garments and headwear is permitted in school vehicles and at school activities when appropriate.

### **Winter Weather**

Students should wear comfortable clothing that is appropriate for our Wisconsin weather. Boots, mittens, hats, snow pants, or a snowmobile suit must be worn in winter weather by students so that he/she can enjoy and comfortably play in the snow at recess time. Students who are not dressed accordingly are confined to the blacktop area and risk getting chilled due to inappropriate outdoor dress. Students are outside at recess every day that the temperature is zero or above.

### **Backpacks, Book bags, Purses, etc.**

Students will be allowed to bring back packs to school. Backpacks will be used to carry school books and homework. The backpacks will be stored in a locker, cubby or a hook.

Backless shoes commonly known as "flip flops," "beach shoes," "shower sandals," and/or thongs that do not have a reinforced sole are inappropriate and will not be allowed. Photo examples of acceptable as well as unacceptable shoe styles under this policy are listed below.

For safety reasons, students in grades K through 5 are not allowed to wear flip flops, shoes or sandals without a heel strap.

This includes analgesics (Tylenol, or Acetaminophen, etc.) or cough syrup. We will not dispense any aspirin or salicylate-containing medications to a child unless specially authorized by parent/guardian. A Medication Authorization form is required. Only office personnel will administer medication.

### **HEAD LICE**

In an effort to provide the best possible learning environment for our students, monthly head lice checks will be done. Students found with head lice will be sent home. Only two excused absences are allowed for head lice. Students will be rechecked upon returning to school. If the student is found to still have head lice or nits, the student will once again be sent home.

### **TELEPHONE USE**

Use of the classroom telephones by students is prohibited. If they need to make an emergency call to family members, the student needs to come to the office to make the call. Classroom telephones are for the teacher or staff members only.

## **HOMEWORK**

Homework is an important part of learning. A child needs to be extending learning time into the home. Many opportunities will be made available for students to do work at home, after school or on a computer. Homework will be assigned to students at all grade levels and will account for 10% of the grade.

## **PARENT – TEACHER CONFERENCES**

Parent-Teacher Conferences will be held twice per school year. A parent-teacher conference is a time to discuss how the student is doing in school. It's a chance to ask questions about the class as well as the student's progress. It is also a time to discuss ways to help the student be successful.

## **TUTORING**

Tutoring will be available to students in grades 1-8 who are in need of remediation. Classroom teachers and parents may refer students. The tutoring coordinator will make arrangements. Tutoring will be held after school.

Volunteering may be in the form of helping children within the classroom of the child or other children in the building; helping with extracurricular activities (pow-wows, fundraisers, outdoor education, cultural events, etc.); parent dinners; game nights; or any other events that the school may hold. Parents are greatly appreciated and a necessary part of the education of students.

## **PROGRAMS**

### **Response to Intervention (RtI)**

Menominee Tribal School has implemented a general education student intervention program called Response to Intervention or RtI. RtI provides academic, behavior and/or social intervention supports within the general education setting to students that have been identified as at-risk of achieving or maintaining grade level expectations. Identifying those students that may be in need of RtI supports may come from the following areas of concern: academic grades; school wide assessments such as the DIBELS Reading Assessment, WKCE, MAP; behavioral referrals; attendance/truancy issues; as well as other parent and/or teacher concerns.

RtI is a process that works on a 4-tiered integrated system.

- Tier 1 includes all school-wide programs that are provided to all students. Examples include the general curriculum, instruction and assessments. Students that are demonstrating difficulty or that are not making adequate progress may be referred for additional supports from Tier 2. Teacher Support Team (TST) Meetings may be scheduled (see below).
- Tier 2 provides a student plan that includes additional academic, behavioral or social intervention supports. Interventions may include additional instructional time or small group instruction. Student progress is routinely and closely monitored. TST Meetings continue and if needed, a request for a Student Intervention Team (SIT) Meeting may be requested (see below).

- Tier 3 provides a student plan that includes additional interventions and supports for those students who are not making adequate progress from Tier 2 interventions. Interventions at this level include more intensive, individualized instruction as well as continuous monitoring of student progress. Student Intervention Team (SIT) Meetings are scheduled and continue as needed.
- Tier 4 is for students who are not making adequate Tier 3 progress and includes a referral for a special education evaluation.

Included in the RtI process are two (2) types of student intervention meetings among school personnel, administration and parents. MTS considers parents as vital members of all student intervention meetings and are highly encouraged to attend and participate.

**Teacher Support Team (TST) Meeting:** TST Meetings are scheduled when a teacher or parent has a student academic, behavior or social concern. TST Meeting participants discuss area(s) of concern and develop a plan of interventions. Members monitor student progress and determine if continuing supports or interventions are needed.

**Student Intervention Team (SIT) Meeting:** SIT Meetings are scheduled when TST Meeting participants determine that student progress remains a concern. SIT Meeting participants work collaboratively to develop a more intensive individualized student intervention plan. Student progress continues to be closely monitored. On-going meetings are scheduled as needed, or until team members determine that further evaluations or testing is required.

### **Special Education**

The Menominee Tribal School provides exceptional educational services for children with disabilities. The special education staff is certified through the Wisconsin Department of Public Instruction. The Bureau of Indian Education closely monitors the programs. The Menominee Tribal School supports inclusive practices with children with disabilities. They are to be included in all aspects of education under the same regulations of all regular education children.

### **Reading Program**

The Reading program is led by a certified reading specialist. All students will be placed in appropriate school programs based upon his/her reading abilities. Information is gathered on the students (standardized tests, classroom material, etc.). Students are assessed to identify a base line of proficiency. A student plan is established. Individual and small group instruction is provided. Each student is monitored closely by the Reading Specialist to track his/her progress.

### **Menominee Language and Culture**

All students are required to participate in the Menominee Language and Culture classes. Traditional practices will be instilled in students by emphasizing respectful behavior, performing ceremonies, and making decisions based on values every day.

### **Community Service**

All middle school students (6-8) are encouraged to participate in community service activities. Community service provides youth the opportunity to learn how to become good citizens. This experience prepares them for high school in which community service is a requirement of graduation.

Menominee Tribal School follows Wisconsin State Academic Standards.

### **ADMISSIONS**

A child entering kindergarten must be five (5) years old on or before September 1<sup>st</sup>. Students who turn (five) 5 after September 1 and before December 1 may request early admission to kindergarten. All requests must be submitted in writing to administration for consideration on a case-by-case basis.

Tribal Enrollment Qualification – Student must have on file the required documentation of tribal membership (certificate of Indian blood-CIB) or tribal enrollment card of a federally recognized tribe. If student is not enrolled with one tribe, but is a descendent of more than one tribe, the student may establish ¼ blood degree of Indian descent through documentation provided by the Menominee Tribal Enrollment Department.

**Comment [SC2]:** This section to be removed and put in staff handbook

## **CLASSROOM PLACEMENT**

When new students are admitted and accepted into the Menominee Tribal School, the Admission Team will determine what class roster is appropriate and in the best interest of the child. The placement of returning students is made by the Administrator or designee, and teachers in the units (K-2, 3-5, 6-8) that the child is being served.

## **APPEAL TO DECISION**

The parent has the right to appeal the decision to the Administrator in writing within five (5) working days of the decision. The procedure that will be followed will be the same as the complaint procedure.

## **GRADE ADVANCEMENT**

**Each Student** will be evaluated on the following components in order to be advanced to the next grade level and eventual graduation from the eighth grade.

**Attendance:** Student attendance is an essential component to their educational success. Excessive truancy may result in retention.

**Achievement:** Student will demonstrate that he/she can achieve at proficient level on multiple assessments (as applicable), which include the Measure of Academic Progress (MAP) Test, Wisconsin Knowledge & Concept Exam (WKCE), and other testing measures that demonstrate significant progress for the individual child. In addition the Quarterly Report Card will be reviewed. Middle School students shall maintain a 2.0 grade average or be participating in an intervention program and show progress.

**Developmental Level:** Student will demonstrate an appropriate social developmental level in the classroom, hallway, cafeteria, playground, and community. A team consisting of the Administrator, Special Education Coordinator, Student Services Coordinator, team leader, and student's teacher will review each child's case history to determine acceptable level of growth.

**Intervention:** If the teacher believes that the student is not making adequate progress, the teacher needs to notify the parent and administration at least by the end of the second quarter in order to initiate interventions with the student. Student plans developed from TST and/or SIT Meetings will be reviewed with school staff and parents. Parents will be notified in writing of the potential for student to be retained at the end of the third quarter. If needed, a final SIT meeting will be held to determine whether the student will be promoted. When the student meets the criteria for being advanced to the next grade level the teacher will make the recommendation on the last report card.

## BULLYING PREVENTION

**Menominee Tribal School strives to provide a safe, secure and respectful learning environment for all students in the school building, on school grounds, school buses and at school-sponsored activities. Bullying has a harmful social, physical, psychological and academic impact on bullies, victims and bystanders. Menominee Tribal School staff consistently and vigorously addresses bullying so that there is no disruption to the learning environment and learning process. When dealing with bullying, it is important to assess and protect the safety of all students and to provide consequences that teach appropriate behavior and promote the empathy of others.**

**MTS defines bullying as follows:** Bullying includes an imbalance of power and is any intentional written, verbal, electronic, or physical act that a student has toward another particular student more than once, and the behavior causes both mental or physical harm to the other student, is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student.

Bullying behavior can be:

1. Physical (e.g. assault, hitting or punching, kicking, theft, threatening behavior)
2. Verbal (e.g. threatening or intimidating language, teasing or name calling, racist remarks)
3. Indirect (e.g. spreading cruel rumors, intimidation through gestures, social exclusion and sending insulting messages or pictures by mobile phone or using the internet – also known as cyber-bullying)

Not all undesirable behavior, especially when viewed in isolation, will constitute bullying.

### **Bullying Reporting / Retaliation**

All MTS staff that observe or become aware of bullying are required to report the act or incident to a school administrator or his/her designee. Any other person, including students, who is either a victim of bullying or is aware of the bullying are also encouraged to report the act to an administrator or his/her designee. Reports of bullying may be made verbally or in writing as well as confidentially. All reports will be taken seriously and a school investigation will begin within 1 school day of the reported incident.

### **Consequences**

When dealing with bullying, it is important to assess and protect the safety of all students and to provide consequences that teach appropriate behavior and promote empathy for victims. If it is determined that the student(s) participated in bullying, or retaliated against anyone due to the reporting of the bullying behavior, an appropriate consequence per the MTS Parent/Student Handbook Behavior Matrix will be given. However, depending on the severity of the incident, MTS administration and the school board may take disciplinary action that may include: suspension, expulsion and/or referral to law enforcement for possible legal action. Often a series of additional consequences are imposed that may include, but are not limited to: student/teacher/parent conferences, a student behavior contract, and/or completing a research project on bullying and presenting completed project to a selected audience. The aggressor(s) will also receive anti-bullying education and social skills counseling.

All bullying victims, including the bully aggressor, will receive support through the MTS counseling department and/or other support staff.

### **GRADES K-2 STUDENT BEHAVIORAL EXPECTATIONS & DISCIPLINE**

Our primary goal is to create classroom environments where everyone can learn successfully while feeling safe and happy. In order for this to happen, our expectations for positive behavior are high. This cannot be accomplished without the support of parents/guardians. Good conduct in school originates in the home. It is the obligation of parents/guardians, through teaching and setting an example, to develop their child's attitude of respect for the school, for the teachers, and for their children. To help develop good behavior habits, parents should:

1. Instill in the child respect for authority, respect for the rights of adults and of other children, and respect for private and public property.
2. Teach your child to obey teachers and other persons in authority.
3. Support the actions of the teacher or principal in talking with the child about a problem. Confer privately with the teacher or principal if the action taken is not understood or if there is a question regarding its appropriateness.
4. Insist that your child be prompt and regular in school attendance.
5. Talk with your child about school activities. Take an active interest in your child's progress at school and in his/her report card.
6. Arrange for a time and place for your child to do homework assignments and supervise him/her in completing them.
7. Make sure your child understands and complies with the rules of the school.
8. Limit your child's TV, computer, and video game time.

#### **K-2 Minor Infractions:**

Every effort will be made to direct behavior in a positive way. Numerous methods are used daily to ensure every student has a positive learning day. In the event that a child is having difficulty, the following plan is in place for each classroom:

Each classroom teacher will create a behavior chart in his/her classroom which will be broken down into three colors: green, yellow, and red. Each student will have his/her name on some sort of tag and placed on green. The expectation is that the student's name remains on green.

- GREEN means that the student is following the rules and expectations.
- YELLOW is a warning to change behavior.
- RED means that there will be a consequence implemented.

Some reasons a child's color will be moved are: talking excessively out of turn, not raising hand, out of seat, touching others, breaking hallway, cafeteria, recess, bathroom, or classroom rules, etc. The consequences for these minor behaviors will be as follows (unless a behavior plan has been in place):

1. The first time a student's name gets on red, the teacher will keep the child in for recess and talk with the child about his/her behavior. A minor infraction form will be filled out and phone call made to guardian.
2. The second time a student's name moves to red, the teacher will do the same as above.
3. The third time a student's name gets moved to red, the teacher will do the same as above; a Teacher Support Team (TST) meeting will be scheduled to discuss what we all can do to help the student be successful in school.

### K-2 Major Infractions:

The following matrix was developed to ensure that each and every child have a positive and safe learning environment. The behaviors on this chart are serious and are not developmentally appropriate for K-2 students. Safety and the well-being of all children is always our first concern.

This behavior includes showing respect for themselves, others, the school environment, and for learning; being responsible; being cooperative; and being safe.

Our staff commits itself to the development of a safe learning environment that promotes respect, responsibility and community. All employees share responsibility for supervising the behavior of students and for promoting positive standards of conduct.

- Injury or illness will be the **ONLY** legitimate excuse for missing a regularly scheduled practice/game. Other reasons for missing must be cleared by the coach before the absence.
- On a given day an athlete **MUST** attend school ALL DAY in to PRACTICE or PARTICIPATE in an athletic event that day. If a student does NOT come to school, the absence must meet normal written excuse requirements. We ask the cooperation of the parents to see that athletes miss as little school as possible. If any truancy shows up the day of competition the athlete is ineligible for any competition that day or night.

**Parent Chain of Command:** The parent/guardian should first see the coach if they have a concern or comment about their child. If the situation cannot be resolved, a meeting should be set up with the athletic director.

**Volunteer Opportunities:** Parents and guardians are encouraged to volunteer at their child's athletic event. Positions available include: chaperoning, working at the score table, and working at the refreshment stand.

**DELINQUENT PAYMENTS**

A student who attends Menominee Tribal School may accumulate fines or expenses in the following manner:

- Over due book fines from the library
- Unpaid or over due tuition payments
- Unpaid expenses for damage to school property
- Unreturned, lost, or damaged textbooks
- Unreturned, lost, or damaged sports uniforms

If payment is not received, the Menominee Tribal School may proceed with the following procedure:

- The parent/guardian and student will be informed that a balance is owed the Menominee Tribal School with an explanation of what the expenditure is for.
- The parent/guardian and the student will be given the opportunity to resolve the debt.
- An arrangement may be made between the school and the family of the student for the expenditure to be paid.

Unpaid balances may result in the following:

- Student may not be able to participate in end-of-the-year class field trips
- Student may be taken off the class roster of the Menominee Tribal School for any unpaid balances.
