

Menominee Tribal School

Awaehsaeh Plan

Where the Bear walks there is Power

Menominee Tribal School is offering a re-entry plan due to the recent rise in COVID-19 cases on the Menominee Indian Reservation.

We have developed a 3 step process to utilize throughout the school year based on COVID-19 positive case numbers, and based on the risk of COVID-19 to students, staff and community.

Both students and staff will be required to wear masks and follow social distancing guidelines.

Step 1

Students will return to in school scheduling by grade level to help reduce the number of people in the building. This will allow students to enter the building in a safe manner where staff can build strong relationships and ease fear, while administering the beginning of the year assessment. There will only be one grade level present in the school building per day. On the day that they are assigned to come in, each grade level will be broken into several, separate, small groups (labeled A-F in the table below) with no more than 5 students per group. These students will be allotted a certain amount of time at each station and will attend every station throughout the school day. Students will rotate from station to station throughout the day.

On the days that students are not required to attend school, classroom teachers will work on setting up communication with students and family, technology support for students, and preparation for curriculum. Teachers will also have work provided for these students to take home and work on.

Bussing will be needed

IF COVID CASES CONTINUE TO RISE, WE WILL CONTINUE TO HAVE ONE GRADE PER DAY IN THE SCHOOL BUILDING ON A TWO WEEK ROTATION UNTIL IT IS SAFE TO RETURN. THE SCHEDULE FOR STUDENTS WILL SWITCH TO ACADEMIC PROGRAMING.

Step 2

Students will return to school on a rotating A day/B day schedule. This schedule allows the students to begin to return to school on a regular basis, while still taking social distancing and safety precautions.

On the days that students are not required to attend, teachers will be working on establishing a virtual classroom and preparing lessons for students both in and out of the classroom. They will also be working on establishing relationships with families, making sure that they are on board with the current plan and do not have any questions.
